Retex is Taking the Guess Work Out of Payment Processing and Reducing Merchant Processing Fees with EVO Platinum Services

Retex has chosen EVO Platinum Services Group (EPSG) as our preferred provider for payment processing to reduce processing fees for Retex members. With this new partnership, EPSG will offer all Retex Members a preferred pricing structure usually reserved for national chains. EPSG offers cost plus pricing that gives you fair, honest and candid disclosure of all costs and no hidden fees or charges to drag down your bottom line.

EVO Platinum Services has a combined experience of 65 years and hold truth, transparency, and integrity as its core values. EPSG is considered an industry leader and provides the highest level of 'single point-of-contact' customer service.

Their state of the art technology and robust infrastructure is due to a direct relationship with EVO Merchant Services, the largest privately held credit card processor in the country.

For over 20 years, EPSG's mission statement has been the backbone of their organization. Now this commitment is extended to Retex members:

"It is our mission to serve our clients with honesty and integrity. Our pricing philosophy allows for fully disclosed and transparent pricing. We promise to unveil the mystery of credit card fees. Every client will understand our industry, know their cost, and know what to expect as their bottom line."

About EVO

EVO Merchant Services is among the top 10 largest non-bank electronic transaction processing companies in the United States and Canada. EVO provides payment processing solutions to over 235,000 businesses of all sizes in various industries, and focusing on small- and mid-size merchants. EVO's annual credit card transaction volume exceeds \$22 billion, representing more than 315 million transactions. Headquartered in Long Island, New York, EVO is a single source for the full range of electronic payment services.

About Retex

Retex, founded by 12 retailers in 1990, assists both small and large retailers by leveraging their buying power for services such as Communication – voice, data, internet, conferencing; Auditing and Bill Payment – telecommunication and utility; Consulting – energy, networks, business and technology and internet; Transaction Processing – bank card. In addition to substantial invoice discounts, Retex members receive rebates on many programs and a potential year-end dividend. Since its inception, Retex has returned \$100 million to its membership. Membership is FREE. There are never any dues, fees or obligations to buy.
